

## Register an ORCID ID

You can register your ORCID ID through the ORCID website. You own your ORCID record and, after registering for it yourself, you will be able to update or add information. After submitting your registration, you will be directed to your new ORCID record. Make sure you look for a welcome message from ORCID asking you to verify your email address. If you don't see it in your main email inbox, check your spam or junk folder.

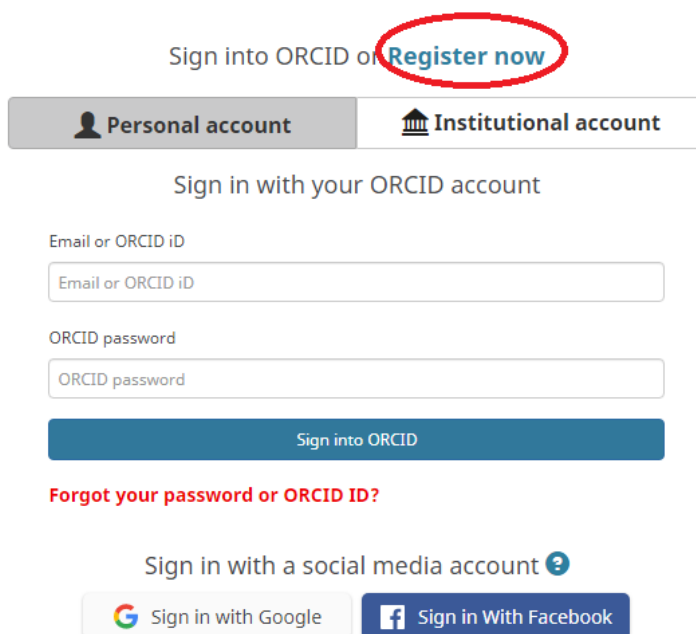

Note: make sure you only register for an ORCID ID if you have no ORCID ID already. Not sure whether you already have an ORCID? Search your name (and optionally your institution name):

1. To register for an ORCID, click on 'SIGN IN/REGISTER'

2. And again on 'Register now'

A screenshot of the ORCID registration page. At the top, it says 'Sign into ORCID or Register now', with 'Register now' circled in red. Below this are two tabs: 'Personal account' (selected) and 'Institutional account'. Under the 'Personal account' tab, it says 'Sign in with your ORCID account'. There are two input fields: 'Email or ORCID iD' and 'ORCID password'. Below these is a blue button labeled 'Sign into ORCID'. Underneath the button is a red link: 'Forgot your password or ORCID ID?'. At the bottom, it says 'Sign in with a social media account' with a help icon. There are two buttons: 'Sign in with Google' and 'Sign in With Facebook'.

### 3. Fill in the form

Already have an ORCID iD? [Sign In](#)

Per ORCID's [terms and conditions](#), you may only register for an ORCID iD for yourself.

First name

Last name *(Optional)*

Primary email

Additional email *(Optional)*

[+](#) Add another email

Password

8 or more characters

1 letter or symbol

1 number

Confirm Password

#### Email addresses:

- **Primary email (required):** Your primary email address, entered twice for confirmation. You will use your email address (or ORCID ID) with your password to sign in to the ORCID Registry.
- **Additional email (strongly recommended):** Your secondary (backup) email address. It is strongly recommended that you provide at least one additional email address on registration. This will ensure you can still use your ORCID record if you lose access to your primary email. If you added an institutional email as your primary address, we recommend adding a personal one as backup. You can use any email address connected to your ORCID record, with your password, to sign in to the ORCID Registry. You can add as many additional email addresses as you wish.

## Visibility settings

Your ORCID iD connects with your ORCID record that can contain links to your research activities, affiliations, awards, other versions of your name, and more. You control this content and who can see it. [More information on visibility settings.](#)

By default, who should be able to see information added to your ORCID Record?

-  **Everyone** (87% of users choose this) 
-  **Trusted parties** (5% of users choose this)
-  **Only me** (8% of users choose this)

## Notification settings

ORCID sends email notifications about items related to your account, security, and privacy, including requests from ORCID member organizations for permission to update your record, and changes made to your record by those organizations.

You can also choose to receive emails from us about new features and tips for making the most of your ORCID record.

**Please send me quarterly emails about new ORCID features and tips**

*To receive these emails, you will also need to verify your primary email address.*

After you've registered, you can change your notification settings at any time in the account settings section of your ORCID record.

## Terms of Use

I consent to the [privacy policy](#) and [terms and conditions](#) of use, including agreeing to my data being processed in the US and being publicly accessible where marked Public.

You must accept the terms and conditions.

- To fully benefit from ORCID's functionality, your profile should be set to public. Please select other options only if you have good reason to do so. For more detailed support on registering look at <http://support.orcid.org/knowledgebase/articles/171598-register-your-orcid-id>

In most cases you will be taken to your new ORCID record, but sometimes you will see a different screen or message:

- **Is this you?** If one or more records with an identical name already exist in ORCID's system, you will be shown a list and prompted to check that none of them are yours. You can click the ORCID IDs listed to view publicly available information and check whether the account belongs to you. If there is not enough information on the ORCID record to know if it is yours, please [contact ORCID](#). If you have never used ORCID before, then it is very unlikely that any of the listed individuals are you and you can click the None of these are me button to get your new ORCID ID.

Please check whether any of the ORCID iD(s) listed below belong to you. You may have already created an ORCID iD using a different email address, or the iD may belong to another researcher with the same name as you. Click the iD(s) below for more information.

ORCID iD	Email	First Name(s)	Last Name	Institution
<a href="https://orcid.org/0000-0001-5727-2427">https://orcid.org/0000-0001-5727-2427</a>	s.garcia@orcid.org	Sofia	Garcia

[Deny](#)

### Send Scopus Author details and publication list to ORCID

Your publications on Scopus may be spread over a number of different Author profiles, because these are generated automatically. In order to create a single profile containing the correct publications, please follow the steps in this wizard. On completion, any changes will be sent as corrections to Scopus. To locate all Author ID's please provide all the name variants under which you have published below.

 **The search query returned no authors.**  
Unfortunately we could not find any authors by that name, please enter more author names.

<b>Author</b>	<b>Last name</b> <input type="text"/> <small>E.g., Smith</small>	<b>Initials or First name</b> <input type="text"/> <small>E.g., J.L.</small>	
	<b>Last name</b> <input type="text"/>	<b>Initials or First name</b> <input type="text"/>	✕
<b>Affiliation</b>	<input type="text"/> <small>E.g., Ohio State University</small>		

[Add affiliation](#) | [Add name variant](#) | [Start](#)

## Connecting existing ORCID iD to your Scopus ID.

1. Check whether your **Scopus author ID is visible** on your ORCID profile:

### Name

**ORCID iD**  
 <https://orcid.org/0000-0000-0000-0000>

 Print view 

### Websites & Social Links

Website

### Country

Netherlands

### Keywords

Epidemiology, Quality of Care,

### Other IDs

Scopus Author ID: 22000000000

2. Connect your ORCID to your Scopus by following the instructions below

# How to connect Scopus to ORCID

an user instruction

## Introduction

This user instruction shows you how to connect your ORCID with your Scopus Author ID(s). This is useful for researchers, because it enables you to automatically populate your ORCID with publications from Scopus and it enables Pure Amsterdam UMC to search in Scopus for your publications by using your ORCID, if you have registered your ORCID in PeopleSoft.

# Requirements

1. You have an ORCID
2. You have a Scopus Author ID(s)
  - a. Scopus is Elsevier's abstract and citation database. Scopus Author ID(s) are handed out by Scopus. You get an Scopus when you have published two or more publications in journals that are collected by Scopus.

## How to connect Scopus to ORCID in 13-steps

1. Go to <https://www.scopus.com/search/form.uri?display=basic#author>
2. Search for your Scopus Author Profile(s)

Author search

Documents **Authors** Affiliations Advanced

Author last name:

Author first name:

Affiliation:

ORCID:

Search Q

3. Open your Scopus Author Profile

902 author results

Author last name: "Smith", Author first name: "John"

Show exact matches only

Refine results

Author	Documents	h-index	Affiliation	City	Country/Territory
1 <b>Smith, David John</b> Smith, David J. Smith, D. J. View last title	843	66	Arizona State University	Tempe	United States
2 Smith, Richard J.H. Smith, Richard J. Smith, Rick J. View last title	611	82	University of Iowa Carver College of Medicine	Iowa City, IA	United States

4. Connect to your ORCID

### 13. View end result in ORCID

The screenshot shows the ORCID iD profile page for a user. The header includes the ORCID logo and navigation links: FOR RESEARCHERS, FOR ORGANIZATIONS, ABOUT, HELP. The profile information on the left includes the ORCID ID, public record print view, QR code, and other IDs like Scopus Author ID and email. The main content area is titled 'Biography' and contains several sections: Employment (0), Education and qualifications (0), Invited positions and distinctions (0), Membership and service (0), Funding (0), and Works (11 of 11). The 'Works' section is circled in red. A red arrow points from the 'Works' section to a specific work entry. Another red arrow points from the 'Works' section to the 'Source' field of the same work entry, which is also circled in red. The work entry details include the title 'A common antigenic motif recognized by naturally occurring human V<inf>H</inf>-5-51/V<inf>L</inf>-4-1 anti-tau antibodies with distinct functionalities', the journal 'Acta Neuropathologica Communications', the year '2018', and the DOI '10.1186/s40478-018-0543-z'. The source is listed as 'Scopus - Elsevier'.
