

First Amsterdam Multidisciplinary Colorectal Cancer Congress

H'Art Museum Amsterdam
April 11, 2025

PROGRAM

08.00-08.30	Welcome and registration
08.30-08.35	Opening
08.35-10.10	Early Colorectal Cancer
08.35-08.50	MDL- BVO trends and incidence <i>Prof. dr E. (Evelien) Dekker, gastroenterologist, Amsterdam UMC</i> <i>Prof. dr M. (Monique) Leerdam, gastroenterologist, Antoni van Leeuwenhoek</i>
08.50-09.05	Endoscopic treatment <i>Dr. B. (Barbara) Bastiaansen, gastroenterologist, Amsterdam UMC</i>
09.05-09.20	Options for high risk lesions after local excision <i>Dr. R. (Roel) Hompes, surgeon, Amsterdam UMC</i>
09.20-09.35	Organ preservation when local excision is not possible <i>Dr. B. (Brechtje) Grotenhuis, surgeon, Antoni van Leeuwenhoek</i>
09.35-09.55	Distinguishing malignant from benign and early from advanced cancer <i>Dr. M. (Marilyne) Lange, pathologist, Amsterdam UMC</i> <i>Prof.dr. P.(Pétur) Snæbjornsson, pathologist, Antoni van Leeuwenhoek</i>
09.55-10.10	Discussion
10.10-10.30	Coffeebreak
10.30-11.25	Optimizing care pathways for patients undergoing surgery
10.30-10.45	Pioneering towards colon surgery in daycare <i>Dr. H. (Hendrik) Marsman, surgeon, OLVG</i>
10.45-11.00	Optimizing perioperative care <i>Dr. W. (Hermien) Schreurs, surgeon, Noordwest Ziekenhuisgroep</i>
11.00-11.15	Optimizing quality of life <i>S. (Saskia) Debets, Nurse specialist, Amsterdam UMC</i>
11.15-11.25	Discussion
11.25-12.25	Advanced Colorectal Cancer
11.25-11.40	Current and expected chemotherapeutic and targeted therapies <i>Dr. K. (Karen) Bolhuis, medical oncologist, Antoni van Leeuwenhoek</i>
11.40-11.55	Total Neoadjuvant Treatment; why, who, when and how <i>Dr. C. (Charlotte) Deijen, radiation oncologist, Amsterdam UMC</i>
11.55-12.10	The future is... imaging <i>Dr. M. (Monique) Maas, radiologist, Antoni van Leeuwenhoek</i>
12.10-12.25	Discussion
12.25-13.15	Lunchbreak
13.15-15.00	Innovations and MDT discussion
13.15-13.45	Towards immunotherapy for all colorectal cancers <i>Dr. M. (Myriam) Chalabi, medical oncologist, Antoni van Leeuwenhoek</i>
13.45-14.00	FAPI in colorectal cancer <i>Dr. J. (Jimme) Wiggers, surgeon, Amsterdam UMC</i>
14.00-14.40	Current dilemma's - MDT - Case discussions
14.40-15.00	Coffeebreak
15.00-16.15	Metastatic Colorectal Cancer
15.00-15.15	Contemporary management of colorectal peritoneal metastases <i>A. (Arend) Aalbers, surgeon, Antoni van Leeuwenhoek</i>
15.15-15.30	Colorectal liver metastases: cut or burn- does it matter? <i>Prof. dr. M. (Martijn) Meijerink, interventional radiologist, Amsterdam UMC</i>
15.30-15.45	Unresectable colorectal liver metastases: pump chemotherapy, transplant or both? <i>Dr. K. (Koert) Kuhlmann, surgeon, Antoni van Leeuwenhoek</i>
15.45-16.00	All patients with multi-organ metastases should get chemotherapy first <i>Dr. T. (Tineke) Buffart, medical oncologist, Amsterdam UMC</i>
16.00-16.15	Discussion
16.15-17.15	The future is...
16.15-16.35	The future is... ctDNA: Advances and Applications <i>Dr. R. (Remond) Fijneman, molecular biologist, Antoni van Leeuwenhoek</i>
16.35-16.55	The future is... CMS 4 and more <i>Prof. dr J.P. (Jan Paul) Medema, molecular biologist, Amsterdam UMC</i>
16.55-17.15	Discussion and wrap-up
17.15-18.15	Network drinks & snacks
