KICK-OFF EVENT SIG INCLUSIVE & DIVERSE HEALTH RESEARCH

We are happy to announce the launch of the new SIG Inclusive & Diverse Health Research within APH, a joint collaboration by APH-Quality of Care and APH-Personalized Medicine.

Thursday 12 November 2026 | **11.00-13.00** | **VUMF building C076-C082**

Program

- **Nora Hamdiui**: Beyond representation: Engaging diverse communities in HELIUS and HELIUS Next
- **Dachel Seeratan**: Beyond one-size-fits-all: digital care and decision-making through the eyes of patients facing social disadvantage.
- **Olga Damman**: Good quality care for each patient -case example of teaching medical students on accessible and inclusive healthcare.
- **Julio Klaverweide**: Societal Valorisation in Practice: Bringing Knowledge Back to Communities at Kwaku Festival.
- **Pitches by junior researchers** on their experiences with inclusive health research. The best pitches win can join the Ophelia Masterclass *'from co-design to improving equitable access to health and social care services' on 3-4 December. There are still some spots available for pitchers, so do not hesitate to sign up!*
- And a free lunch and networking activity!
